

Southampton Ramblers Group

Our Group activities

August 2025

During 2025 Footpath Survey we identified a completely impassable pathway in Fawley. 088/8/1

No way through

After reporting the problem to HCC Countryside Service we were invited to undertake training with them.

With all permissions ticked we found a dry day in Feb 2026 and with a gang of 5 willing volunteers set about our 1st ever footpath maintenance event.

The pictures tell our story.

Mind your head

Southampton Group would like to thank:

Sue, Mary, Mark, Berni & Julie for getting stuck in with loppers and saws.
